### CENTENNIAL FACTS

Centennial Roofing, located in DeSoto, Texas is a bonded and insured roofing contractor offering both professional roof installations and repair services in the Dallas–Fort Worth Metroplex.

### OVERVIEW

Founded in 1983, Centennial Roofing is a family-owned and operated company that provides customers with prompt, reliable service coupled with the highest professionalism in all phases of roof installation, maintenance and repairs for residential, commercial and common-interest community projects.

In addition, Centennial Roofing offers inspection and repair services for a variety of real estate, homeowner insurance and home warranty companies.

### MISSION

RELIABILITY . PROTECTION . DURABILITY . SATISFACTION GUARANTEED

Centennial Roofing's mission and uncompromising commitment is to provide the highest professional roofing services. Our fast response time and 24-hour answering service provide clients with unparalleled customer assistance and satisfaction. At Centennial, *"we care enough to make you the star."*

### REPAIRS & SERVICES

Centennial Roofing provides repairs on residential homes and commercial buildings—and offers up to a 5-year warranty on the repaired roof. We take tremendous pride in our reputation as the best roof repair contractor in the roofing industry.

Many Texas roofing contractors do not do roofing repairs and will insist on a brand new roof. Depending on the size of a budget or the actual problems that the roof may have, a brand new roof may not be needed.

The National Roofing Contractors Association recommends that your roof be inspected at least once a year. Doing this can prolong the life of your roof and give you peace of mind that your roof is up to whatever Mother Nature has to dish out.

At Centennial Roofing, we will inspect your roof with a comprehensive 17 Point Roof Inspection. Our professional roofing technicians are thoroughly trained to find all of the issues associated with repairing or replacing your roof. This helps to keep from covering up a problem or leading to costly unexpected changes. Centennial Roofing repairs composition, slate, wood, concrete tile, metal, fireplaces, skylights, modified, TPO, EPDM and built-up roofing.

A new roof may be the largest investment put into a home and there are literally hundreds of products, colors and styles to choose from. The right product and color can increase the home's value and on the other side, choosing wrong colors, products or installation procedures can be extremely disappointing and costly as well.

Centennial Roofing has taken great strides to continually increase its knowledge of all of the products available as they appear on the market. This enables us to show you a complete array of choices and increases the likelihood of you finding the perfect roof for your unique home.

It is important to Centennial Roofing that you experience complete satisfaction with your new roof and that we continue to enjoy our solid reputation for customer care and expertise in the roofing industry.

## TECHNICIAN SEAL OF SAFETY

This mark, when displayed by a contractor, indicates that company's dedication to protecting the safety and well-being of you and your family.

You can minimize your risk when hiring a contractor by going with one who displays the "Technician Seal of Safety". You owe it to yourself and your family to make sure that you are inviting individuals into your home who have been screened by a criminal background check and who are routinely tested for illegal drug use.

## TESTIMONIALS

"Steve, Thank you for the excellent job done on the roof. It is always good to see someone conducting their business in such a Christ-honoring way."—John & May

"We feel that we received excellent workmanship; quick and fair resolutions to our problems and professional service from each and every one of your employees. We continue to recommend your company to our friends and would not hesitate to use you again. May continued success be yours."—Alan & Linda Rowe

"Thank you so much for a wonderful job. You and your sons made our repairs a lot easier because of the way you do business. We've not had such pleasant and honest people in the past. It's nice to know people still live with an honest spirit."—Denise Byrd
